NOTES

Stated square footages and dimensions are based on measurements to the exterior boundaries of the exterior walls and the centerline of interior demising walls between units. This method used herein is generally found in sales and marketing materials and is provided to allow a prospective resident to compare the unit with units in other projects that utilize the same method. Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All square footages and dimensions are estimates which are based on preliminary plans and will vary with actual construction.
